#### **A FEW WORDS ABOUT GETTING TO/FROM PARIS:**

*Breaking up your long international flight will help you to feel more rested when you arrive. Those who prefer to avoid the tiring long hours of international air travel may choose to leave your local airport a day earlier (April 8) to fly to Houston or Atlanta, stay overnight at an airport hotel and leave the next day on a non-stop flight to Paris. You can choose a similar plan for your return home. Ask Cynthia about this option.*

Our "home away from home" offers outstanding comfort and an elegant atmosphere in a sophisticated and charming 18th Century building (built in 1730) located in Paris's most popular centrally-located neighborhood St. Germaine de Pres. Once a gritty haven for artists, philosophers, and writers in the past it's now an upscale neighborhood that still retains much of its historic ambiance. Store your luggage (check-in is at 3pm) at the front desk while you begin to explore our neighborhood famous for more pastry and chocolate shops within a two mile radius than any other area in the city! Walk only five minutes to the famous Café Les Deux Magots, (owned by the same family that owns our hotel.) Dinner reservation with your group leader, Cynthia.

Wine, cheese, chocolate, bread, (and did I say wine?) are abundant. Weather permitting, enjoy a relaxing picnic lunch as we sit on a blanket in the Champs de Mars, a large public greenspace offering a fabulous view of the Eiffel Tower. ## TRAVELING WELL WITH TRAVELPHILE

The decision to travel is personal. Everything we do in life carries some measure of risk, and the decision to travel has to be weighed in the same way you would decide during these times to go out to dinner at a restaurant, go to the grocery store, or visit a recently re-opened attraction in your state. We consult with medical experts, various trade associations, and adopt the best practices we see to mitigate risk, but you can never eliminate it completely. You can rest assured that Travelphile Tours operates where proper health measures are in place to mitigate risk, protect our guests' well-being, and ensure an enjoyable experience.

### Recommended PPE

We recommend that our guests bring their own personal protective equipment with which they are most comfortable. PLEASE bring home tests for Covid on your tour. That way should you feel ill or have been around a member of our group who becomes ill, you can test yourself to determine if you are infected. Please take several masks as it seems we tend to lose them along the way. Also bring your own hand sanitizer and protective wipes. Cynthia will carry a temperature scanner, additional masks, hand sanitizer and protective wipes.

### COVID PRECAUTIONS REGARDING FRANCE ENTRY AND DEPARTURE

At the time of publication (November 24, 2022) there are no travel restrictions to enter or depart France except for carrying your passport with you in transit. You will be notified by Cynthia if this situation changes.

### COVID PRECAUTIONS WHILE IN FRANCE

While in France, you should be prepared to present your US government recognized Certificate of Covid Vaccination card at any place requesting proof. Situations are constantly changing and should a Covid outbreak occur while we are in France, it's best to be prepared to show proof of vaccination.

### SHOULD YOU BECOME ILL WITH COVID WHILE IN FRANCE

Please notify your tour leader at your earliest convenience should you self-test for COVID and have a positive outcome. You may need to quarantine from the rest of our group should you test positive prior to returning to the US. Also, if you are tested at a French health facility they may require that you quarantine for any length of time. It's best to remember that we're guests in another country.
